

## Web Developer (m/w/d)

Our client WDT Vision Trading GmbH & Co. KG is a young and dynamic company of e-commerce in the sector of animal health products. The majority shareholder of our client is the 'Wirtschaftsgenossenschaft Deutscher Tierärzte' (WDT), a leading provider for veterinary medicine. The common strength is proximity to the veterinarians. With development and operation of pioneering solutions for veterinarians, WTD will further expand its leading position in this area.

Location: Bonn area (Germany)

In this position you are driving the development of Internet platforms with agile methods and cutting-edge technology. You are working on interesting projects and are constantly developing the online shops. In a top-qualified, friendly and highly motivated software team, you can contribute and further develop your know-how and skills.

### What to expect:

- Implementation of complex requirements and processes as well as integration of the latest trends in our web applications, supported by an innovative environment
- Programming language is C# with .NET Framework 4.5 and PHP
- Development of web applications under ASP.NET MVC and PHP
- Database system is Microsoft SQL Server

### Requirements:

- Academical degree in IT
- Good knowledge of .NET C#, ASP.NET or PHP
- Basic knowledge of WebAPI programming (WSDL, SOAP, REST)
- Willing to learn new things and constantly improve your professional skills
- Dedicated and team-minded with good communicational skills
- Independent and self-responsible realisation of your tasks is natural for you

If you believe you meet the criteria to apply for this role, please send us your detailed CV to [application@irp-recruitment.com](mailto:application@irp-recruitment.com).
